Subject: Merger/Demerger+General

Dear Nilamani,

First of all, immediately update your mailing list. You are sending mails to those persons also who are my outside friends, relatives, neighbours, etc. You DELETE the e-mail IDs of these persons and keep only persons like me because even if you send to Union/Association representatives/Federation leaders of yesteryears (whose e-mail ID exist in your list) communicating your problems nobody is interested and will not reply to you. So PLEASE DON'T SEND YOUR MAILS TO MY FRIENDS/RELATIVES, whose e-mail IDs exist with you. Without wasting time, first you do this.

I have been receiving your mails only on the matter relating to the above subject. For all the mess or problems existing in CSIR, yourself and Mago are highly responsible. Only your vested interests have brought the Strongest of the strong Federation to this level.

Mind you - Because of Federation's (excluding yourself - who despite being WC member)struggle, you are also one of the beneficiaries of 1640-2900 scale. One thing you should remember and propogate amongst admn staff that - If this scale would not have been implemented in CSIR in 1995, then the present scale that the SOs or Private Secretaries are enjoying (ie. Pre-revised Rs.7500-11000 - with present GP of Rs.4800)would have been a dream, because the Government would not have agreed to the Central Secretariat's revision of scales for Admnistration staff of CSIR both during 5th CPC and 6th CPC. If a little ratitude is there in the Administration staff, then each of them should be ever ever grateful to the Federation leaders like KD, Abhijit, Myself, Bhattacharya, Goswami and a very few staff of delhi based labs. You also gave brief visit to Delhi (for 2 days) during our Dharna in 1995 - not to participate in the struggle but to attend to some interview, and after this you vanished even without informing us.

Unfortunately, yourself and a few other selfish leaders like you, have totally destroyed the Federation. Myself, KD and Abhijit would also like to take the blame for the present fiasco since we should not have given the leadership to yourself and Mago during Chennai Conference. It was we who intentionally handed over the leadership, because at any point of time you two would not have dared to win in the elections contesting opposite us. Anyway, for every happening there should be an end, and in this case you have been the centrifugal force. If we would have continued, we would have sought recognition

as per CCS(RSA) Rules and things which you have been pointing again and again would not have erupted.

But, one thing often makes me surprise. After the implementation of 1640-2900 scale in CSIR, the admin staff are a happy lot compared to the staff of various other CG organizations. Why are people like you always grumbling and disgruntled. For the work that we do, what we are getting is abnormally high - not only admin. but all categories of staff including scientists. Instead of worrying about your cadre, please worry about the contractual labourers/unorganized labourers/common man who are toiling day-in and day-out without proper wages. As per the opinion of a sizeable majority of CG employees, all the CG employees are very happy after 6th CPC - may be with a slight exception of people like you. That too, after MACP scheme - 10/20/30 years (DoPT order pending) almost all the staff are very happy.

But all the above facts what I am detailing is like putting water on stone since you are highly selfish as I have been seeing you right from the time you entered into the Federation arena.

Added to the above, you have been responsible for looting the Federation money during your general secretaryship along with Mago. You may say that you have provided statement of accounts, but that is all bullshit. Even if it is construed to be right, what about Rs.10,000/- being given by you to Mago. Where is that money. Have you ever bothered to persuade him to return the amount. Mind you - Whatever money (in Lakhs) that exist in Federation is only because of people like KD, Abhijit and particularly myself. Because with my effective leadership at local level (which is still existing), I hardly spent on stationeries, xeroxing, postage, faxes, telegrams, telephones, etc. during my general secretaryship. Everything I use to get it done officially. That is the charisma of leadership that we possessed.

So, stop writing mails to me like the above for the time being. If you have anything concrete to revive the Federation (for which I have been still struggling along with SKB, Lucknow), please communicate to me so that we together could ponder on the same and if necessary meet at Delhi or even at your place. Only after the revival of Federation, we can think of the problems that you are writing.

As you are aware, the present DG is totally anti-PB-1/PB-2-PB-3/undemocratic and pro-PB-4 only. The existing JS(Admn) is no doubt highly democratic and believes in the principle of solving problems through discussions (please refer to my earlier mail - SK Bhattacharya's meeting with him at Lucknow), but DG didn't wanted this.

My above points may hurt you if you are conscienceless. But my inborn character cannot be changed, ie. to tell white is white, black is black and fighting for the common causes of the people selflessly. You are a Ph.D holder - you can understand all this if you for a minute think selflessly.

Dear Dada,

Thanks for your response. Though your suggestion is very good, but cannot be put into practice since the incumbent DG doesn't even like to think of we like leaders, let alone discussing with us and facilitating us to be a part of JCM. Probably the amount of time/struggle that I have put in to revive the Federation, perhaps no yester leaders or present leaders would have put in. For the time being it is not possible. Let us see, if it is possible in due course of time; when a time may come when the MPs/Ministers (particularly that of S&T) may intervene and help us in advising the DG to open dialogue with the age-old Federation. Now we have to adopt wait & watch policy.

Hope your daughter is settled and all your family members are keeping well. My elder has completed her M.Tech (Biomedical & Instrumentation) and is working as a Lecturer (with AICTE pay scales) and younger one is doing her final year M.Sc (Biotechnology). Rest all OK. Thanks once again for the concern towards Federation and we like leaders.

With best regards,

Yours sincerely,

N.Suresh Prasad

Dear Suresh,

I'm really happy to note that you dared to call spade a spade. In-fact, when I recall our past activities and try to analyse reasons for present status of FEDERATION I can not but leave to blame a few persons like Mago, Nilamoni, Sudhakaran and few others who in fact spoil-ed the spirit of united effort. Can we still make a rapport with CSIR administration or think for joining JCM.

Please convey your comment on it.

With warm personal greetings, A.MAJUMDAR
